## CA Foundation – NOV 22 TEST SERIES

### **Why TEST SERIES**

Based on my past experience and interaction with many students, I realized that there was a complete lack of practice. Generally, a student used to directly appear for the Exam conducted by ICAI without giving any tests, without testing himself/herself and not knowing how to attempt a paper taking into consideration both '**accuracy**' and '**speed**'.

Thus, VD Education has taken an initiative of first laying out a proper plan & schedule clearly indicating what to study, how to study, and then with the help of lots of Tests, can practice, get prepared, understand how to handle 'accuracy' and 'speed' together and perform as well making sure he/she achieves success.

### **Features of Test Series**

1. *Chapter wise Tests on each subject in addition to Prelium will make one totally prepared to face the exam pressure, nervousness and can confidently attempt the paper.*
2. *After every test that you appear, you will receive your checked paper **along with Model Answer** to that Test within 5 working days.*
3. *Tests have been designed in such a manner that all the subjects would keep on rotating and it will help you to study each of them and devote your time to every subject.*

### **How will Test Series Work:**

1. For every subject, there will be 4 **Chapterwise Tests + 2 Prelium (Full Syllabus)**.
2. Chapter wise Tests would be of 50 Marks and Prelium would be of 100 Marks each
3. A student has two options to choose from – "**Online Option**" OR "**Offline Option**"
